05/2014 - 04/2016

Pkb, 61 Percentage

### Bachelor of Engineering Lakshmi Narain College of Technology / Bhopal

05/2016 - 06/2020

Bhopal, 6.2 CGPA

## WORK EXPERIENCE

### Node.js Intern Ahmedabad/BlueInfinity Tech

06/2023 - 09/2023

Ahmedabad

Achievements/Tasks

- Successfully implemented **OAuth** authentication for **Google** and **Facebook**, enhancing the security and user authentication process.
- Developed a robust **image upload API** using **Multer**, enabling users to upload photos that are stored in both the database and a dedicated folder. Implemented features for deleting and updating photos with corresponding database and folder management.
- Designed and implemented a **Product and Cart API** using **Mongoose**, establishing various relationships such as **one-to-one**, **one-to-many**, and **many-to-many**, enhancing data organization and retrieval.
- Created a **real-world kitchen API** with authentication mechanisms, gaining a deep understanding of **token-based authentication**, its importance in securing user data, and how tokens store user information efficiently.
- Developed a comprehensive **restaurant API**, gaining insights into the workings of the restaurant industry behind the scenes. Designed access control for **staff members**, ensuring only **valid users** can access **specific sections** within the **restaurant**.
